Faisal Ahmed

Junior Web Developer

CAREER OBJECTIVE

Aspiring and dedicated Junior Software Engineer with over 1 year and 7 months of professional experience at Tappware Solution Limited. Proven track record of successfully managing and completing individual projects utilizing Laravel, jQuery, and Bootstrap. Seeking to leverage my expertise in full-stack development to contribute to innovative and impactful projects within a dynamic and growth-oriented organization.

WORK EXPERIENCE

Junior Software Engineer   November 2022 - current

Tappware Solutions Limited l Naya Paltan

Worked Projects:

1. Ilo Shurokkha
- The project is closely aligned with the bilateral and multilateral projects implemented by the GIZ and the ILO to reform policies governing labour relations.
- **Role**: Lead Developer
- **Technologies**: Laravel, jQuery, Bootstrap, MySQL,Git
- **Key Responsibilities:**
  - Engineered a robust backend using Laravel for scalable and efficient data management.
  - Created dynamic and responsive user interfaces with jQuery and Bootstrap to enhance user experience.
  - Managed database design and operations with MySQL to ensure data integrity and performance.

2. **Eis-Pilot**
- Developed an EMPLOYMENT INJURY SCHEME (EIS) pilot project.
- Role: Lead Developer
- Technologies: Laravel, jQuery, Bootstrap, MySQL,Git
- Key Responsibilities:
  - Utilized Laravel for backend development, jQuery and Bootstrap for frontend.
  - Designed and implemented a MySQL database.
  - Created responsive, user-friendly interfaces.

3. **Worker Database Repository**
- Leveraged PHP and Laravel to develop a secure and efficient database repository system for managing critical worker information.
- Utilized Git for version control to ensure smooth collaboration and tracking of project changes.
